Rebuild Project Detached Villa

This is the ideal location to develop your own custom build villa. Currently there stands a single storey three bedroom villa on a spacious plot of 5.000m2. The new owner can opt for a full refurbishment of the current property or there is a possibility to construct a completely new 365m2 villa plus basement. A two storey house can be built, ground floor and basement. Layout of the villa at the moment is: Entrance hall, three bedrooms and two bathrooms, cloak room, open plan living/ dining and kitchen. There is a garage connected to the property and an annex which could be converted into a guesthouse. The property is at walking distance to a supermarket, various restaurants and the weekly Quarteira market. The beach is just a 3 minute drive away. The ideal location!
