Vilamoura

Uptown is a new private condominium in Vilamoura that is under construction with an estimated completion date of November 2020. This new project offers an architecture inspired by the traditional Algarve villages, created with the intention of its residents to live in a community concept, surrounded by nature, providing a healthier and more peaceful lifestyle. Located at the entrance of Vilamoura, close to the international college, the equestrian center and the Millennium golf course, and within walking distance of 8km from the center, marina, beaches and other amenities. The quality of the construction was thought out in detail so that the units maintain the desired quality and comfort through the all year. The project will also include a shopping center that provides its residents with the necessary everyday goods.
