Albufeira

Designed by a famous Portuguese architect, this recently constructed home is very modern in style, with a strong Moroccan influence. A striking contemporary Italian chandelier accentuates the entrance. Large glass doors in both the living and dining areas open onto the pool terrace. To the left, down the hallway are two bedrooms with ensuite baths, and a grand master bedroom with large master bath to match. The master bedroom has sliding glass doors that open onto the pool terrace. Along the hallway to the right of the entrance is yet another bedroom with en suite bath, and a large room that can be used as a study, child's play room, guest room or more. Stepping onto the terrace one is overwhelmed by the astounding 270° views of the ocean. While outside, don't forget to visit the cactus garden, the vegetable garden and the fruit tree grove. Private gardens and ocean views make the ideal atmosphere for sophisticated outdoor living, tranquillity and relaxation. Wonderful sea view. Large heated pool. Lush Gardens with large Koi pond. Tennis court. Large barbeque. Terrace for entertaining. Temperature controlled wine cellar. Large gourmet kitchen open to a spacious dining area.
